

CULINARY & PASTRY CHEF.  
**MINAHIL AMANAT**

## ABOUT

My decade long involvement in the field has made me well versed with the profession and its nuances. I have abstracted a great deal of importance from the work done of both culinary and pastry specialists. Working in high pressure environments has also led me to appreciate the value of streamlining the culinary art form and the importance of implementing safety standards. I long to be a part of a technologically sophisticated restaurant with multi-faceted artistic culinary professionals.
